South Carolina Public Service Commission

Dear Public Service Commission,

These aer lyin' theiving devils who would sell their mothers if they thought they could make a buck.  
I hope they burn in Hell.

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Sincerely,

Carol Thacker
